

## Wanna to Know Why Bro. Pouliot Left The Adventists Beliefs?

Whether you have discovered this discovered article online or on paper, because you are curious, or it was given to you to read it. To discover why Bro. Pouliot (Philip Pouliot) left Adventists after almost three year of Adventism member and why he does longer agree with the ***The 27th Fundamental Beliefs***. This topic article had been edited number of time since 2012. Most reason why I kept on editing this document article because of the grammar I write here is always not in a great way but at least at best. Other reason may be because of addental important information. First exited change happened was because of this "***The 27th Fundamental Beliefs***" are the core set of beliefs which the Seventh-day Adventist doctrines theology they believe in. Seventh Day Adventists (SDA) later added another line of fundamental beliefs. They now have number 28th fundamental beliefs. I, Philip Pouliot will explain everything I know about their teaching beliefs as to why I no longer follow and believe the way they believe about their Seventh-day Adventist 28<sup>th</sup> fundamental beliefs.

This denomination church is the first journey I have first explore about their beliefs, after I have discovered about the Shabbath truth. I only been with them for almost three years, then I left for good. For a very good reason. Michael Peloquin a man I hope I will never forget, invited me to the SDA church in 2006. I met this man while I was living in the homeless shelter. We chat and somehow, we end up talking about Biblical subject about Shabbat. Michael told me that he a member of the SDA and the people worship on Saturday instead of Sunday like many other denomination churches do. That how I got in and start learning about their beliefs within a few years. Until one day, a woman name Ellen G. White I kept on hearing about become very annoying to me. The sabbath school class and during the church serving, pastor and other SDA members always talked about this woman Ellen G. White who they claimed she was a prophet. I have learned enough great deal about her and William Miller, who both are the main reason how and why SDA denomination church came into exist.

I begin having doubt about Ellen and the SDA's movement because of how I find that some of their beliefs are far apart from what the Bible teaches. Mostly about Ellen and I decided to test Ellen whither she is a true prophet or not. That I should test all of Ellen G. White claimed, to see whether she have failed the test. SDA members truly believe that she is a true prophet, but I don't think so. I which I have test about her before I have decided to become a SDA member. After I sign to agree about the 27th Fundamental Beliefs form and baptized in the lake.

Let me explain a little about SDA role model, how their denomination starts after William Miller's movement. Ellen G. White and other leaders James Springer White, Ellen's husband, a retired sea captain Joseph Bates and John Nevins Andrews was the people who began this SDA history back in the mid-19th century. Miller wasn't there that time. These follow people somehow believe or want to believe in Ellen G. White's testimony. Seventh-day Adventist Church still ongoing existing for the last 150

year. I have been examining about her testimony, it turned out that she failed number of test. Based on the "Gift of Prophecy Fundamental Beliefs" # 18, she failed to be a true prophet from "God" who made heaven and earth. Adventists believe they are the true only identify mark of the remnant "God's" people. They believe this marked of the last remnant God's people mentioned from the two passage verses (Joel two:28 – 29 & Acts 2:14 – 21), are the true last God's saving people. Yet, if Ellen failed, that mean all SDA believers had failed too. They aren't the true remnant of God's people.

They believe Ellen had this so-called gift of prophecy, which was manifested in her life and her work under "God's" message. She points out that "Adventism are the identifying mark of the remnant true "God's" church". They also claimed she had a visions, writings, and her marvel miracles act which came from "God" power etc... Based on #18, and there is a problem with this claimed. Let first talk about William Miller's movement, during the time Ellen was a very young woman. She was a member of Miller's church. Miller made his first two announcements about the Messiah returning to earth. Miller claimed to believe that Jesus, the Messiah will return according to the 2300-day prophecy. He explained that this 2300-day prophecy leads him to know when the end of the day really goanna happen very soon in their time. That the Savior will return to earth in the year 1843. The Jesus did not return to earth that year 1843. Miller again went back to the bible research to see what went wrong and see if he miscounts the date etc... Miller than believe he had figures out what was the problem, that it was not 1843 but 1844. Thousands and thousands of people have gathered with Miller's claimed. to witness to see if Messiah actually will be returning that year 1944. Once again, Jesus no show. His failure had cause thousands and thousands of people SOOOO angry because they waste all their money for nothing to believe in him. This is one way to partly see the reason why we should not believe in the SDA's beliefs. Because of how Ellen still follows Miller's 2300-day prophecy movement failure.

In later time, Ellen claimed she had a vision from "God" about the correct information about the 2300-Day prophesy. She believes that there were two parties' sanctuaries in heaven, not on earth only. She believes that this Jesus, the Messiah had entered the holiest place for the first time in the year 1844. She believes it was fulfilled the high-priestly type of "the cleansing of the sanctuary" prophecy according to Lev. 16. Few of the Miller's supporters join along with Ellen decided recalculated the 2300-day prophecy. They believe Miller's announcement did not fail because they believe he misunderstood about the 2300-day prophecy. They explained to the people that Miller though and felt he had discovered the key verse for the returning Messiah to earth instead of the earth's sanctuary upon the book of Daniel chapters 8 and 9. Ellen still also failed to this facts because we should know better that our heavenly Father always guided HIS people 100% message. Here what I, myself have a reason to believe what the 2300-Day prophesy mainly about. I once believe the Messiah name is YahuSha (Jesus) as Savior had already entered the Most-Holy sanctuary on the day he was raised in heaven. Not until after November 2021, I no longer believe in the New Testament doctrine. This mean, I do not believe this YahuSha was the coming Messiah at all. Either way, all the prophecy which Miller and Ellen had claimed still failed.

The next claimed Ellen made was about her vision. A vision she saw was about San Francisco and Oakland that would end up like Sodom and Gomorrah. She said that "***the Lord would visit them, and they would suffer under God's judgments***" according to September 1, 1902; Life Sketches of Ellen G. White: being a narrative of her experience to 1881 Page 412. What she described what will exactly happen to San Francisco and Oakland in her vision did not happen at all. According to San Francisco and Oakland earthquake history, there have been about five different earthquakes history in the San

Francisco area with a magnitude of 6.75 or higher. Oakland is only about 12.4 miles from San Francisco. 1906 and 1989 earthquake in San Francisco were the two worse earthquake history ever record. In 1989 earthquake, it killed 67 people and causing more than \$5 billion in damages. Oakland in another hand did not have a major damage like what happen in San Francisco. The whole point here is, both cities was NOT TOTAL DESTROY like Sodom and Gomorrah. People in San Francisco ever since the worse quake still living today. Both two city were nothing like how Ellen describes Sodom and Gomorrah end up destroyed. This is not the first earthquake prophecy she failed her claimed about, she also failed about the Revelation great earthquake.

She mentioned in Revelation chapter six; verse 12, about this great and most terrible earthquake ever recorded will occur in the near future according to her written book called *The Great Controversy*, page 304. She was so wrong about this claimed because there was two most terrible earthquake ever recorded in history. Shansi in China on January 23, 1556 was the most terrible earthquake ever record than the one in Lisbon in the year 1755. The number of deaths in Shansi, China was about 830,000 and the quake was at about 8 magnitudes. The November 1<sup>st</sup>, 1755, in Lisbon was the other worse quake ever recorded and the recorded of deaths was only 70,000. Less than 830,000 in Shansi, China. So, Ellen claimed about this great quake apply to the revelation book is not true at all. Neither of these history, Ellen had failed the test to be a prophet about this.

Here is another problem why Ellen fails about the Revelation great earthquake ever recorded, this prophecy is mentioned about the future sign of the time when the whole world will be dark. Because the sun will turn into darkness and the moon will change (chapter six; verses 12). (Remember, I no longer believe in the New Testament doctrine) This so-called Revelation prophecy sound like the very end of time. According to her *Early Writings* book page 64, she claimed about the Mark of the Beast is the subjects about back in 1850 of June 27. She warned people during her time by saying this: **"Get ready, get ready, get ready. Ye will have to die a greater depth to the world than ye have ever yet died.... now the time is almost finished...and what we have been years learning, they will have to learn in a few months"**. This was well over 150 years ago when she made that such claimed of warning. All the people she had warned to are all RIP sleeping in the grave and the so-called coming Messiah hasn't yet returned. Her message all this was so nonsense warning end time claimed which she said would happen only in a few months. She again failed this claimed big time.

One of Ellen's testimony found in the book of *Ellen G. White Critics*, wrote by Francis D. Nichol chapter seven (The Astronomy Vision). This one is one strange and odd testimony. What Francis said in his writings about Ellen's vision testimonies of an inhabitant tall, majestic people. What she describes was unlike any inhabitant of the earth people. This inhabitant she claimed live on Jupiter and Saturn where sin has never entered their planet. Right there, I knew Francis D. Nichol made up this ridiculous testimony. Perhaps against Ellen or not. Even so, if Ellen did claim this, she would consider failed the prophecy test as well. Our Creator Father did not mention in the Bible anything thing about such living alien living on other planet. This odd testimony about the inhabitant tall, majestic people is not the only one, there is another odd claimed. This one is about miracles event Ellen did when she was young. Adventists claimed Ellen had held this huge family Bible, which is the size of eighteen by eleven inches, four inches in thickness, and weighs a little well over eighteen pounds. They claim she was having the vision while her left arm held out the Bible lying open. Out at right angles with her body; for over half an hour, with her right hand, turned from to place, and pointed to different texts of Scripture, which she repeated while her eyes were looking upward, and in an opposite direction from the book. This claimed

can be found in the book called *"The Great Second Advent Movement"*, pages 236 and 237. This testimony is somehow a hack of showoff story. Somehow the people who witness these event were mind trick believing in her miracle act or made up. This kind of miracles event is unlike anything in the Bible. No past prophets had have ever done such miracles like her doing.

Here another reason why I have found her as false prophet miracles person: ***"False Messiah and false prophets will arise and show signs and wonders, to lead astray, if possible, the elect..."*** (Book of Mark chapter 13; verse 22). This is the warning of the so-called Messiah was reminding people about. In the ***"Advent Review and Sabbath Herald; 1905 May of 25th"***, I have discovered what Ellen said to the people back in those old day. She warned people not to fallen in other doctrines but only the Adventist teaching etc... She claimed that they will be led more astray to the false teaching of man. The problem with this statement she made, people who were planning to join or is already a member of Adventist already being led astray from HER FALSE TEACHING anyway. The troubling part here is why she hadn't taught anyone to test anyone claimed, test a prophet, teacher, or pastor? To see whether the person or Ellen herself could be a working evil spirits from heaven or not? I have read made books she has wrote about her prophecy claimed and the so-called "God's" new message to the people etc... All this books is forbidden. Because she is adding more books of her word against the heavenly Father. According to Galatians chapter one; verses 1-12 and Revelation chapter 22; verses 16 - 20, these two passages give us a reason why we the people should not add any book. Another point of this also is, New Testament doctrine explained to us that there is no more coming new prophecy message. Since the last disciple prophecy was John, the Revelator.

Both Old and New Testament did point out a warning not to add, change, or delete any of the prophecies message. That is why the Revelation book is the last prophecy book. This is why I see that Ellen would have broken these commandment by adding the new message. Apostle John said in the Revelation book, if any person did add or change the words of these book will end up deal with plagues (death) etc.... Guess what happen to Ellen's health problem? It appears to me according to Ellen's health and her own family members end up had bad health problems. There was a history of illness they all suffer great illness. The point here, Ellen did suffer many health problems which lead her dying. If we compare Ellen with any Bible's prophets (or apostles), did any of them had suffer such plagues? The answer is NO. The reason is our heavenly Father dwells in his own true fellowship people who truly believe and follow HIS commands. HE does not let HIS people suffer any such plagues like Ellen had.

The next reason why I no longer agree with the Adventism doctrine other than what Ellen's teach, Adventists had been teaching people that this so-called Messiah YahuSha/Jesus once was an Archangel named Michael. During that early day of my finding before I no longer believe in the NT doctrine, I already knew he was not an Archangel names Michael before he came down on earth as man. Because I learned what the prophet Daniel's vision was, he identifies the form of person who dressed in linen, with a belt of the finest gold around his waist and his body was like chrysolite etc... (Daniel 10:5-6) is not the archangel Michael who spoke to him (Daniel 10:13). What Daniel saw who was helping him was just a regular angel (messenger). Because this angel who was speaking to Daniel had been detained there with the kings of Persia. Most people do not realize the one who was speaking to Daniel was not the Archangel Michael. That is why the Messiah cannot be this Michael, the Archangel. We must notice this clearly; who came to respond Daniel in vision (verse 5-6) before verse 13 tells us about Michael "one of the chief princes" who came to help him? Because this Michael is not the only one who is the chief

prince. He was one of the groups who were also the chief princes as well. This mean, there is other chief princes other than Michael.

There was a new statement belief #11 I never saw this before was added to the 27th Fundamental Beliefs (based on 2005). This #11 was about GROWING IN CHRIST, which explains about the Salvation transforms in our world. The statement telling us here is that we no longer need to fear our pasts or future but embrace the present full of hope, love, passion, and praise as the Spirit lives in us, etc... This telling us also that we are free from burden from our past deeds. This is also telling us that we are no longer needed to do whatever we live through the darkness, fear of evil powers, ignorance, and meaninglessness of our former way of life, etc... This is the practice Adventism are to not to worry about the law of Moses but to focus on only the New Testament grace. Because we are no longer under the law but grace etc... This is one of the biggest foolish mistaken how the Adventism are teaching people to practice this such way. The Ten Commandments law still apply today; we cannot simply ignore all of the law in the Old Testament. We cannot forget about the Sabbatical or other appointed time holiday like the Passover/Unleavened Bread (Pesach), Frist Fruits of Harvest (Pentecost), Day of Trumpets (Yom Teruah), Day of Atonement (Yom Kippur), and Festival of Tabernacles (Sukkot).

The most troubling is, Adventism are practicing Christmas, Easter, and/or the Thanksgiving pagan holidays. The odd part of all, they claimed to be the Sabbath Keeper. The reason why I disagree with their claimed, they do not follow the appointed seventh day Sabbath correctly and they follow paganism holiday. Adventists believe and practice the Sabbath day hours from Friday sunset to Saturday sunset like how the Jewish practice. I once follows that for a short while until I realizes what the Bible teaches. They don't know how to track the true sign of time. Since Adventists claimed they are the identifying seal of "God's people (Church) who follow and kept all the commandments laws which including the Shabbat based on their claimed along with the book of Revelation 12:17, Genesis 17:9, Exodus 31:12-17 & Ezekiel 20:12-20. They still fail against the Creator's appointed time tracking because they live by the world of man celebration time.

The whole bottom line here, we should always recheck ourselves with the scripture books and exam the person whether he or she a prophet, preacher nor teacher who is speaking a truth or not. Not only recheck in the scripture books but also check in the history books as well. To find the evidence and proof whether people made such claimed is true or not. This is how I have done a deep homework research about Ellen G. White and the rest of the Adventist's fundamental Beliefs doctrine books. To ensure myself and to warn other why we should be aware of the Adventism's beliefs.
